Hi Jeremy,

Are you there?

My boss Keith wants to have a conference call with you and Dan about this, would you be available tomorrow morning? I think Keith is going to try to get in touch with Dan to schedule something, he wants to be sure he knows everything before you send out to PGV

Ok, thank you!

Aloha Baby

Attached are two documents regarding Puna Geothermal Ventures – cover letter and finding of violation. We are planning to send out the FOV this week, around Wednesday. When Enrique Manzanilla was out there, he mentioned it to Gill.

Gary was quite interested in hearing what we had planned so I wanted to give you a heads up too, before it went out.

Call me if you have any questions. We have a desk statement that Dean Higuchi will have access to , but we are trying to low key the announcement, as it is just an FOV, first step in the process.

Hope all is well, Dan
